

**DUST EXTRACTOR**

**HUSQVARNA S 11**

Husqvarna S 11 is a compact and portable H-classified wet and dry industrial vacuum cleaner for general cleaning and hand-held tools. It is equipped with HEPA-filters and offers automatic filter cleaning by shaking the filter during operation for a continuous air-flow.

This vacuum unit is very easy to transport and handle thanks to its compact design, low weight and convenient carry handle.

Cleaning kit options may vary depending on market.

**ARTICLE NUMBER**

Article no.	Description
970 46 66-03	DUST EXTRACTOR S 11   230 V   1-ph   AU
EAN (7392930505605)	

**TECHNICAL SPECIFICATIONS**

Max air-flow CFM/h (m <sup>3</sup> /h)	125 (212)	Weight, lbs (kg)	33 (15)
Max Vacuum, kPa	22	Current	5.2 A
Water lift, in	90	Power	1.2 kW
HEPA-filter, qty	2		

**High productivity**

Thanks to the automatic filter cleaning, you can keep operating without interruptions. The dust collector has a constant high airflow, and leaves minimum dust on the floor.

**Excellent mobility**

The low weight, compact design and transport handles allow for smooth transportation.

**H-classified**

The three separate filtering stages result in longer working time between filter cleaning. The dust is filtered through a cyclone chamber, which separates the heaviest particles – up to 90% of the dust – before the washable main filter.

**Auxiliary outlet**

It is quick and easy to connect the dust collector with your power hand tool with the Aux power outlet.
